Underwriting changes

In case you missed it, here are a couple of recent underwriting changes worth mentioning again.

We've increased our Accelerated Underwriting limits for all life products.

We've also removed certain medical requirements.

We've removed the ECG requirements in key cells for life insurance applications to support larger cases.

Plus, we also removed the urine requirement on critical illness insurance applications for ages 18-50 and coverage amounts of \$100,000 - \$250,000.

For further details, please refer to our [Summary of Changes and Transition Rules, Accelerated Underwriting FAQ 870E](#) as well as our Underwriting Guidelines and remember to download Wave 46.1 today!

¹ The maximum amount of coverage that can be issued using our accelerated underwriting program is \$2,000,000 for issue ages 18-50 and \$500,000 for issues ages 51-60. Refer to the [Accelerated Underwriting FAQ 870E](#) for other details.
